\$307.68 (Eff. 07/1/02)

\*paid per hour worked or for the number of hours for which pay is received.

### Summary Duties

In connection with miscellaneous construction, alteration, and repair activities at various locations in the Power System, assists a power shovel or crane operator in operating, maintaining and making minor repairs to truck-mounted power shovels and cranes, including jib, oiling moving parts above the turntable or power shovel or crane equipment, giving working signals to power shovel or crane operator during work of excavating or hoisting, and assisting in changing booms on power shovel to convert it for clam and dragline work; drives truck-mounted shovels and cranes at construction projects; cares for tools and performs related duties.

#### 1. Overtime

Employees shall be compensated for each hour worked on holidays (or holiday equivalents), at a rate computed by multiplying the appropriate hourly rate by three (3); for each hour worked on Sundays, and in excess of four (4) hours overtime on a normal workday, and in excess of twelve (12) hours on a Saturday, at a rate computed by multiplying the appropriate hourly rate by two (2); and for each hour of all other overtime at a rate computed by multiplying the appropriate hourly rate by one and one-half (1½), except that when an employee is working overtime with other trades or crafts (working overtime) which receive a higher overtime rate multiple, the employee shall receive the same rate multiple as the highest paid to the other trade or craft.
