

ADMINISTRATIVE MANUAL

Section

CONSERVATION

Subject

Water Conservation Measures

The Department will conserve water in the operation of its facilities and equipment.

Reference:

Administrative Bulletin No. 91-21, Conservation Hot Line, December 2, 1991

LANDSCAPING

Department landscape renovations will use irrigation and timing systems to minimize water usage and, when feasible, will replace vegetation with drought tolerant varieties.

OPERATIONS

Restrictive flow devices, automatic shutoff valves and optimal flushing cycles will be installed whenever possible to reduce water consumption at Department facilities.

CUSTOMER CALL CENTER

The Customer Call Center (CCC) is available to provide information on conservation and the efficient use of energy and water.

The telephone number is:

800 DIAL DWP (800-342-5397)

The CCC is operation 24 hours daily, including holidays.
